TO OUR FRIENDS:

A young lady confidently walked around the room while leading and explaining stress management to an audience; with a raised glass of water, and everyone knew she was going to ask the ultimate question, 'half empty or half full?'..... she fooled them all... "How heavy is this glass of water?" she inquired with a smile. Answers called out ranged from 8 oz. to 20 oz. she replied, "The absolute weight doesn't matter. It depends on how long I hold it. If I hold it for a minute, that's not a problem. If I hold it for an hour, I'll have an ache in my right arm. If I hold it for a day, you'll have to call an ambulance. In each case it's the same weight, but the longer I hold it, the heavier it becomes." She continued, "and that's the way it is with stress. If we carry our burdens all the time, sooner or later, as the burden becomes increasingly heavy, we won't be able to carry on."

"As with the glass of water, you have to put it down for a while and rest before holding it again. When we're refreshed, we can carry on with the burden - holding stress longer and better each time practiced. So, as early in the evening as you can, put all your burdens down. Don't carry them through the evening and into the night... pick them up tomorrow.

Whatever burdens you're carrying now, let them down for a moment. Relax, pick them up later after you've rested. Life is short. Enjoy it and the now 'supposed' stress that you've conquered!"

“Cast thy burden upon the LORD, and he shall sustain thee: he shall never suffer the righteous to be moved.” Psalm 55:22

“...The Churches of Christ salute you.” Romans 16:16

We will have our Fellowship meal next Sunday. Bring your favorite food dish and help us celebrate the July birthdays and anniversaries.

VITAL ORGAN

Charlie Gamble-Fort Recovery, Ohio

It occurred to me the other day that there is only one organ that the body cannot live without. We have artificial kidneys, hearts, lungs and even machines that keep us alive when the brain is not showing any activity. We can circumvent the digestive system by intravenous methods and provide prosthetics for our missing limbs. There are still other substitutes for our organs that I never mentioned. Absolutely mind boggling isn't it?

So what is the irreplaceable organ for which we have no replacement? It is the soul. When the soul is gone, we are too. It would seem to be a good idea to take care of it while we have it. With this in mind I pray that we bear in mind what James tells us in James 5:19-20 (NKJV): *Brethren, if anyone among you wanders from the truth, and someone turns him back, let him know that he who turns a sinner from the error of his way will save a soul from death and cover a multitude of sins.* I will watch out for you. Please watch for me.
